

AIRA 2024

National  
MEETING

May 7-9 | Orlando, Florida

MEETING AGENDA

## Dear Colleagues and Partners,

On behalf of the American Immunization Registry Association (AIRA) board of directors and staff, welcome to the AIRA 2024 National Meeting! As we welcome you to Florida, we want to share that Orlando, Disney World, and its affiliated entities are dedicated to providing a diverse, welcoming, and safe destination for all. Please join us in creating a warm world of belonging for all meeting attendees.

This year's meeting will kick off with an opening plenary featuring keynote speaker Rachel Montañez. Rachel is a nationally recognized career and burnout expert, having coached organizations across the country on how to take their employees from career fatigue to fulfillment. If anyone has experienced burnout over the last few years, it's us!

Once again, AIRA received an incredible number of abstract submissions for this year's meeting. The interest from the IIS community continues to demonstrate just how valuable we find one another and these opportunities to connect in person. This year's agenda is packed with breakout sessions, industry updates, and multiple networking opportunities. The six breakout sessions include topics like data quality, using IIS to improve health equity, workforce development, AI, and streamlining IIS processes. There truly is something for everyone. Please take a few moments to review the meeting agenda and identify which sessions speak most to you.

This event would not be possible without the dedication of AIRA staff, the contributions of public health staff from across the country, and the financial support of our event sponsors. Thank you to everyone who had a hand in making this gathering possible.

I hope you enjoy the meeting, learn something new, meet a new colleague, and enjoy your time in sunny Orlando!

**Heather Roth, MA – she/her/hers**

*AIRA Board President*

*Immunization Branch Chief*

*Colorado Department of Public Health and Environment*

## Tuesday, May 7

- 7:00am – 8:00am **Registration/Coffee, Tea, & Light Fare**  
*Location: Grand Foyer & Exhibit Hall (1st floor)*
- 8:00am – 9:15am **Opening Plenary & Keynote**  
*Location: International Ballroom (1st floor)*  
Moderator: Rebecca Coyle, MEd, Executive Director, AIRA
- AIRA Welcome**  
**Heather Roth, MA**, AIRA Board President, Immunization Branch Chief,  
Colorado Department of Public Health and Environment
- Keynote**  
**Rachel Montañez**, Holistic Career & Leadership Coach
- 9:15am – 9:45am **Networking Activity**  
*Location: International Ballroom (1st floor)*  
Moderator: Alison Chi, MPH, Senior Director of Organizational Development, AIRA
- 9:45am – 10:30am **Plenary: AIRA Update & Awards**  
*Location: International Ballroom (1st floor)*  
**Rebecca Coyle, MEd**, Executive Director, AIRA  
**Heather Roth, MA**, AIRA Board President, Immunization Branch Chief,  
Colorado Department of Public Health and Environment
- 10:30am – 10:45am **Transition Break**
- 10:45am – 11:45am **Plenary: Data Modernization Initiative Panel**  
*Location: International Ballroom (1st floor)*  
Moderator: Mary Beth Kurilo, MPH, MSW, Senior Director of Health Informatics, AIRA  
**Micky Tripathi, PhD, MPP**, National Coordinator for Health Information Technology,  
U.S. Department of Health and Human Services (*Virtual*)  
**Arun Srinivasan, PhD, MS**, Deputy Director for Informatics, CDC/DDID/NCIRD  
**Lynn Gibbs-Scharf, MPH**, IDAB Branch Chief, CDC/NCIRD/ISD/IDAB  
**Vivian Singletary, ISYE, JM, MBA**, Executive Director, Public Health  
Informatics Institute
- 11:45am – 12:45pm **Lunch**  
*Location: International Foyer (1st floor)*

## Tuesday, May 7

12:45pm – 2:00pm

Session 1 / Breakouts

1A   Data Analysis & Use	1B   Data Quality	1C   Reminder/Recall	1D   Immunization Forecasting & Evaluation	1E   Data Sharing for Public Health Surveillance

## Tuesday, May 7

3:30pm – 3:45pm

Transition Break

3:45pm – 5:00pm

Plenary: CDC Updates

*Location: International Ballroom (1st floor)*

Moderator: Rebecca Coyle, MEd, Executive Director, AIRA

**Georgina Peacock, MD, MPH**, ISD Division Director, CDC/NCIRD/ISD

**Lynn Gibbs-Scharf, MPH**, IDAB Branch Chief, CDC/NCIRD/ISD/IDAB

**Jamie Mells, PhD, MS**, IOSB Branch Chief, CDC/NCIRD/ISD/IOSB

5:30pm – 7:30pm

Reception

*Location: International Foyer & Pool Deck (1st floor)*

# Wednesday, May 8

- 7:00am – 8:00am **Coffee, Tea, & Light Fare**  
*Location: Grand Foyer & Exhibit Hall (1st floor)*
- 8:00am – 9:00am **Storytelling with Data Visualization: From Numbers to Impact**  
*Location: International Ballroom (1st floor)*  
Moderator: Maureen Neary, Director of Strategic Initiatives, AIRA
- 9:00am – 9:15am **Transition Break**
- 9:15am – 10:30am **Session 3 / Breakouts**

# Modernize your IIS with *Casetivity*

*Casetivity*-IIS is a fully-featured, secure, web-based Immunization Information System that enables public health departments to reduce vaccine preventable diseases.

## *Casetivity*-IIS includes features to:

- Manage end-to-end immunization processes
  - Manage patient information
  - Automate inventory management of vaccines
  - Improve health through proactive clinical decision support
  - Enhance emergency and pandemic response capabilities by ensuring healthcare providers are notified early and have the required vaccines
- Report and track vaccinations across the population
  - Improve Immunization Program operations by automating key business workflows like patient and shot deduplication
  - Improve IT infrastructure through utilization of n-tiered, services-oriented architecture
  - Conduct real-time data exchange
  - Provide consumer access to vaccination records

## HEALTHCARE IS COMPLICATED. CONNECTING CARE SHOULDN'T BE.

Accessible, high-quality, and sustainable healthcare for all. That's athenahealth.

Learn more at [athenahealth.com](https://www.athenahealth.com).

### IBM Consulting's Public Health Group

modernizes public health systems, transforms data and analytics, and drives workforce development. We support public health departments and agencies in their efforts to advance public health and promote health equity with services ranging from assistance with electronic disease surveillance, immunization and information management and user experience modernization to digital credentials, application migration, data and analytics transformation and more.

Learn more at the QR code. →

## LexisNexis® Risk Solutions and public health agency partnerships improve health outcomes.

From one-time projects to longer-term partnerships, we work with agencies to develop comprehensive data modernization initiatives and deliver custom-designed support to help expand and enrich public health agency programs.

**Token-to-Token Matching**  
Protects and safeguards individual information – allows the agency to fill in additional gaps, such as registry participation, other claims, insights, etc.

**Best-of-Breed Golden Records Identity/Household Information**  
Clear, structured, and indexed data allows agencies to complete accurate and comprehensive assessments.

**Contextual Enrichment**  
Socioeconomic risk drivers and insights; Medical claims insights (diagnosis/treatment/when and where context).

**Additional Information**  
Missing data attributes (DOB/Address/Phone/Email); Missing insights such as relationships, social networks, death/mortality events.

**Learn more about how we can help.**  
Stop by our booth at the AIRA National Meeting. **1-888-216-3544**

## A SINGLE CONNECTION LINKS YOU TO THE WORLD

A revolutionary way for any IIS to exchange data. Connect to IISs across the country in under four months.

### FULLY CUSTOMIZABLE! You Control in Real Time:

- Which Vaccines to Share
- IISs with Which to Share
- Whose Records to Share

## Developing and Commercializing Innovative Vaccines

Using Proven, Innovative Adjuvant Technology to Help Protect the World Against Infectious Diseases
